

Welcome to the first edition of the electronic iPROsoft Newsletter including news for 2008, our **Christmas office closure times** and the latest additions to the iPROsoft client community.

Please [email us](#) if you have any feedback, would like to be mentioned, or would like to subscribe to iPROsoft News.

iPROsoft User Forums in 2008

iPROsoft will be delivering a series of community forums in 2008. These forums will provide an opportunity for you to meet other **iPROsoft** clients and to learn new **iPROsoft** skills. Details regarding location and timings will be provided in late January.

WA and Qld Growth for iPROsoft

The newest editions to the iPROsoft client community are [Eagle and Stork](#) plumbers, in Cairns. JM & ED Moore Civil, based in Mandurah WA, and [Williams Electrical Services](#) in Perth are also recent additions. These organisations all present the same attributes that all of our clients do - evolved business processes, utmost integrity and vision. If you are thinking about working in their regions then give them a call.

The 2007 International Master Builders Conference

In November, iPROsoft hosted a stand at the 2007 International Master Builders Conference on Queensland's Gold Coast. The

The iPROsoft office, and support team, will close for Christmas. Our last day of operation for this year will be Friday, 21st December 2007 and we shall reopen for business on Monday 7th January 2008.

Emergency support will be available on 24th & 31st of December and 2nd, 3rd and 4th of January. Should you require support during our Christmas closure, call us on 07 3004 6100 and your call will be forwarded to the on-call support person.

Upcoming Events

December - January

iPROsoft Christmas Closure: Closing COB Friday, 21 December 2007; reopening Monday, 7 January 2008.

February

conference was well attended with our Business Development Manager meeting a number of existing iPROsoft clients and prospective clients.

MASTER BUILDERS
A U S T R A L I A

Interbuild 2007

October brought us the Interbuild show at the National Exhibition Centre in Birmingham, England, and iPROsoft was there. The show was a success with a high degree of interest in the iPROsoft offering and our clients back in Australia.

National Building News

iPROsoft has appeared in the October edition of National Building News. This edition has a special feature on water infrastructure projects, an area that iPROsoft has extensive expertise in with the iPROsoft product assisting with the [Queensland Water Desalination](#) project and the [Western Corridor Water Recycling Pipeline](#).

Industry Happenings

Do you have news you would like to share? Have you opened a new office, or moved offices? Won a large contract? Announce it here - [email us](#) and we can include it in our next newsletter.
